

BILIOUS

People dread the periodic attack of nausea and racking headache which results from derangement of the stomach and sluggish action of the liver.

To cure the bilious condition the stomach and liver must be put into a healthy condition, and this result is accomplished by the use of Dr. Pierce's Golden Medical Discovery. It cures indigestion and other diseases of the stomach and its allied organs of digestion and nutrition. It makes the torpid liver active. It cures biliousness by curing the causes which produce it. It purifies the blood from the poisonous substances which clog and corrupt it and which breed and feed disease. Acting directly on the blood-making glands it increases their activity and so increases the supply of pure rich blood, upon which physical health depends.

"I suffered from indigestion, torpid liver and biliousness, and took many different kinds of medicine without receiving any benefit," writes Mr. F. J. Geragano, of Cleveland, Miss. "In May, 1920, I wrote to Dr. R. V. Pierce, and he recommended his 'Golden Medical Discovery.' I have taken about four bottles and am cured of my troublesome disease. At times in hot weather I had fever, and every morning had a bad taste in my mouth, and all through the summer season I was unable to work at all. Now I can work, and, I believe, do as much as any one. Feel that I am under great obligation to you and your wonderful medicine, and cannot say too much for either."

Persons who suffer from disease in chronic form are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of stomach, liver and blood.

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

CONTRACTS TO LET.

Mr. Charles Rager, a star route agent was here this week looking to the letting of the ten mail routes in Garrard county. In order to prevent speculation, it has been the case heretofore, the department has ruled that all bidders must live on or adjacent to the route they bid on, and must agree to perform the service or at least give it their personal supervision. This ruling shuts out the sharks who often live a thousand miles or more distant, and who have never been over the routes they bid on. Bids to be made before Dec. 1st. Postmasters have blanks and copy of all information pertaining to making bids and requirements of service. Ten routes in Garrard county to be contracted for; Nina to McCrery, Lancaster to Danville, Lancaster to Buckeye, Judson to Bryantsville, Point Leavelle to Hammack, Lancaster to Nicholasville, Bryantsville to Burgin, Giles to Buckeye, Sweeney to Lancaster, Paint Lick to Cartersville.

It is not contemplated that any change in the present routes or time of delivery will be made. The sole idea is to do away with the mail route speculators who have made fortunes out of these contracts and permit the local residents to make the profit. However the new plan will give one great advantage in the fact that anyone living on the route traveled by the mail carrier may put up a mail box on the road and have his mail delivered and taken up the same as in rural free delivery. It would be even better than the rural free delivery, from the fact, that the carrier, on his return trip, would take up the mail again, thus permitting of letters being answered the same day as received. The plan is a good one and it is hoped that bids will be offered freely by our people. Postmaster West will gladly give any desired information on the subject.

German Syrup.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specific, such as pure tar, extracts of gum, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasms of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. A Woman's Complexion.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle 25 cents; regular size, 75 cents.
